

Meeting

1. Why is it important to identify meeting situations early?
2. How much clearance should you ideally give when passing parked cars?
3. What should you do if you are unable to leave the required clearance?
4. On narrow roads, how can good planning often avoid the need to stop at meeting situations?
5. Who has priority when there are obstructions on both sides of the road?
6. Name 2 things you should consider if the oncoming driver flashes their headlights.
7. Name 2 advantages of having the correct holdback position.
8. Why is it sometimes an advantage to give way even if you have priority?
