

## Meeting

### **Stopping – Hold Back Position**

- 2 Car lengths behind obstruction
  - Any closer
    - Lose vision
    - Hard to steer round obstruction
  - Any further away
    - Other vehicles will not be aware of your intentions
    - May move in front of you
- As close to centre line as possible
  - Don't block route of approaching vehicles
  - Increases line of vision
  - Easier to steer round obstruction
  - Shows your intentions to other road users

### **Overtaking Multiple Obstructions**

- Assess situation carefully
  - No one has priority
  - Places to stop (both you and other vehicles)
  - Other vehicles intentions
  - Avoid head to head situations
    - Can be advantageous to give way

### **Flashing Headlights**

- If somebody flashes to you
  - Ensure any signal is meant for you
  - Check it is safe to go
- DO NOT flash instructions to other road users
