

Planning & Anticipation

1. Why is it important to plan early before reaching a roundabout or junction?
2. What could be done on approach to a roundabout, or open junction, to ensure a smooth passage through it?
3. How far ahead should you look to aid maximum anticipation?
4. Why is it important to anticipate what might happen around of you?
5. Describe 5 situations that you could anticipate might lead to you having to change your speed or direction.
